Acknowledgement

Princeton Hydro, LLC would like to acknowledge the efforts and assistance towards the valuable input and funding of this Environmental Resource Inventory report. This plan was prepared with the assistance of a *Smart Growth Planning Grant* obtained in 2008 from the Association of New Jersey Environmental Commissions by the Borough's Environmental Commission. The grant and report were also supported by the Borough's Mayor and Council, Planning Board, and Shade Tree Commission. Members of the Borough's Environmental Commission fully participated in the report by providing community tours and highlighting important local features; providing access to local planning documents, policies and ordinances; as well as editing the narrative of this report. Mr. Thomas G. Lambrix, the Chairman of the Environmental Commission, also deserves special recognition for his critical leadership and oversight in completing this project.

Section I ~ Executive Summary 6
1.1 Introduction ~ 6
1.2 Plan Components ~ 6
1.3 Plan Methodology ~ 7
1.4 Inventory Findings ~ 7
1.5 Planning, Development, and Environmental Resource Findings ~ 8
1.6 Resource Management Recommendations ~ 16
Section II ~ Resource Protection and Regulatory Program Overview 26
2.1 Introduction 26
2.2 Municipal Land Use Law 26
2.3 Green Building and Environmental Sustainability Plan Element 27
2.4 Bergen County Master Plan 30
2.5 The Borough of Franklin Lakes Master Plan 31
2.6 The Borough of Franklin Lakes Zoning and Development Ordinances 32
2.7 State Plan and Policy Map 33
2.8 Highlands Water Protection and Planning Act, Regulations and Regional Master Plan 35
2.9 Wetland Protection Rules 38
2.10 Water Quality Management Plan Rules 40
2.11 Stormwater Management Rules (N.J.A.C. 7.8) and Municipal Stormwater Management Rules (N.J.A.C. 7:14a) 41
2.12 Flood Hazard Control Area Rules (N.J.A.C.7:13) 42
3.1 Region and Demographics 45
3.2 2002 False Color Infrared Aerial Photograph 48
3.3 Climate And Climate Change In New Jersey 49
3.4 Air Quality 55
3.5 State Plan And Policy Map 58
3.6 Land Use / Land Cover 59
3.7 Zoning And Development 61
3.8 Elevation/Hillshade 62
3.9 Steep Slopes Analysis 65
3.10 Bedrock Geology and Aquifers 66
3.11A Well Head Protections Areas 69
3.11B Water Supply 70
3.12 Groundwater Recharge Areas 75
3.13 NRCS SSURGO Soils 76
3.14 Septic Suitability 78
3.15 Erodible Soils 82
3.16 Prime Agricultural Soils / Soils of Statewide Importance 83
3.17 Known Contaminated Sites 84
3.18 Impervious Cover 86
3.19 Watersheds and Surface Water Classifications 88

3.19 Watersheds and Surface Water Classifications 88
3.20A Water Quality /Amnet Biological Data 92
3.20B Surface Water Impairments And TMDL Implementation Priorities 93
3.21 FEMA Flood Hazard Zones 95
3.22 Open Space and Preserved Lands 97
3.23A NJDEP Wetland Designations 100
3.23B NJ Landscape Project and Natural Heritage Program 102
3.24 Vernal Pool Habitats 107
3.25 Landscape Critical Wetland Habitats 108
3.26 Landscape Critical Forest Habitat 109
3.26 Landscape Critical Forest Habitat 109
3.27 Environmental Sensitive Lands 112
3.28 History and Preservation Of Historic Sites 113
Section IV ~ References 116
