What Coaches & Parents are saying about Positive Coaching workshops:

“I use the positive coaching tools of ELM and buddy system of filling each others emotional tank last year as a basketball coach. Not only did we win our league championship but each player “Honored the Game.” It was the best of what a Double-Goal coach wants. Winning a championship on and off the court.”

~ Pedro Morales, Director of Athletics and Head Basketball coach, Saint David’s School, New York, NY

“Thanks, PCA, for making this one of our best seasons yet!”

~ Coach, Sun Creek Little League

“Through our PCA partnership, we were able to decrease season ejections by 90% and increase team morale so much that player enrollment increased over 20%...can you help us find more fields?”

~ Charley Daly, Pleasant Hill Baseball
